

Dr. Snyder, Gentleman, Scholar

Editor's Note: The Spectator was on an errand of mercy to visit his life-long friend, Dr. Snyder, when he was stricken nearly a month ago. This is the first article he has written since his recovery. This newspaper, gratefully recognizing his contributions over many years, Narberth citizens and the Fourth of July Committee are very happy to welcome him back again.

Well, our dear old friend, Dr. Snyder, will never again be a part of the earthly scheme of things, but the impress of his notable days and deeds will continue to provide many precious memories in the various important environments which profited so richly from his long years of valiant service. One comforting thought is that his neighbors, only a few months ago, assembled in great numbers to pay formal tribute to him and there is no doubt our townsman for 40 years was deeply touched by that token of high esteem so affectionately expressed.

This convalescent felt it most keenly when he found himself physically unable to attend the obsequies last Saturday, for the friendship was of a sturdy order, a span of more than 30 years, and there is no memory of one ever having called the other in vain when there was work to be done or problems solved. Not always was there agreement on basic things, a case in point being Prohibition, which the doctor advocated with a fine forensic skill, but never in this presence without being told how wrong he was (or at least appeared to be), a difference that made no difference at all, as could be expected from a gentleman and scholar of his sterling sort.

Yes, his was the sod on which the rose from this heart should be dropped, but the mound is there and it will serve for the adornment on the grave-yard visit that must be made. Other consolation lies in the fact that when this reporter set out from home on that first Sunday afternoon in May he had two calls on his list, one to Fred Hipkiss, on Wayne Avenue, and the other to Dr. Snyder. Both men had reached their octogenarian status in gallant manner. The second visit, however, did not come to pass, despite the good intent, as the ructions which are accountable for this six-week lay-off started at Fred's house and it was not long before the victim was being ambulated homeward by Dr. Welty, who proved so unerring in his diagnosis and who was quick to rig a stout sail for the rescue journey that called for the best his science could offer.

This is the first venture in three-scores where life was in direct peril, but one experience can often be enough to permit of sound conclusions. Therefore, it is with conviction born of knowledge when it is said that our excellent benefactor of afflicted humanity is well blessed when he can bring to the sick-room scene things far beyond his therapy, but which have vastly larger life-saving value than the mere medicine of his pharmacopoeia.

Without the use of an idle word the patient is made aware that a battle is to be won, a series of small gains until a firm footing is at last achieved, and even when a man is in the midst of grasping for another spell on earth, he can still be sufficiently objective to acclaim the genius of his physician's strategy and to be grateful for such competent and decisive direction at a time when the lights were burning low.

There are other beads on this rosary of gratitude that must and will be told, as a result of this interval out of space and time, the solicitude of those hundreds of Narberth friends, individuals and organizations, whose cards and flowers came in such gracious abundance and whose kindness can never be forgotten.

UPHOLD BEIN PETITION; ONION SOUP MAY BE SERVED AFTER ALL

If all goes well, residents of the General Wayne district may yet have their onion-soup served in the best French style.

The petition of Albert Bein, who proposes to build and operate a French restaurant on Montgomery ave., off Gordon ave., to change his zoning classification was upheld Wednesday night by the Lower Merion Township Board of Commissioners. Re-zoned from R-2 residential to R-5 residential, the ordinance gives Bein the right to appeal to the Board of Adjustment for permission to establish a parking lot adjacent to the restaurant grounds.

Bein first petitioned the commissioners to classify the area as C-1, commercial. Residents in the area protested that under such a classification Bein could erect an apartment house "or almost anything" under the R-5 classification the Township Board of Adjustments can limit the use of the land to parking rights.

Merion Wins, 6-3, In Scout League

Merion Cub Pack 29 defeated Ardmore Cub Pack 74 last week by a score of 6 to 3 in one of the best played games of the Main Line Cub Scout Baseball League this season. Dick Fitzgerald, star pitcher of the Merion team, stole individual honors by striking out 17 Ardmore in seven innings, besides making two hits. Only member of the opposing team to give him any trouble was Charlie Panelli, Ardmore catcher, who connected for a single, double and triple, a hit each time at bat.

The Penn Wynne Pack 155, without a win in 1946, took a 10 to 4 game from Narberth. Star batter for Penn Wynne, Fred Minehan, was credited with four hits — a home run, triple and two doubles. Seven Narberth players were (Continued on Page Four)

Town Talk

By ANNE B. MCLELLAN

Congratulations are in order for the James F. Sherrons, who celebrated their silver wedding anniversary Sunday. They lived at 219 Price Ave., Narberth, for 45 years of their 50 years of marriage. Hear that Ralph Dunne's Rotarian mantle in fuel office at 258 Haverford Ave., is quite something. It's in old English style and is covered with names of Rotary Club members. Among the penciled autographs are those of the first president of Rotary International, the present president, and the British representative.

When Janet MacLaren, daughter of the Gilbert MacLarens, of 502 Beechwood La., and Marian Jones, daughter of Mr. and Mrs. Chester Jones, of 200 Woodbine Ave., leave for Onaka Camp, in Pike County, Pa., next week, they'll go by automobile with Mr. Jones.

Just about a month ago the Narberth Community Library sent letters to more than 1500 Boro residents appealing for sadly needed funds. So far, they have received \$770. This is not enough.

Dr. A. G. Chester, president of the Board of Trustees, said this week that although board members are extremely grateful for the contributions, they are hoping for a considerable addition before the summer's end. Otherwise he can shorten the hours the library is open, or purchase fewer new books. We were much impressed with one contributor, a little girl, who brought in 25 cents last week, saying she would have brought it sooner, but she'd only just received her allowance.

Boro magistrate Vincent Colelli has just resigned as advisory chairman of the recreation committee of the Narberth Italian-American Citizens Club. ... Seems he just has too much to do. Frank M. Spinelli will take over in his place.

Dr. Joseph Weissman, new owner of Penn Valley Jewelers, at 43 Narberth Ave., has made a welcome addition to his store in the form of optical department. ... He's a graduate of the Pennsylvania State College of Optometry in 1922, and was established in Philadelphia for 25 years before coming to the Boro.

School to Start Ceramics Course

The Lower Merion School District is ready to inaugurate a ceramics and fine metal work course it approved for the Senior High School two years ago.

Delivery of equipment was delayed because of material scarcity in postwar years. Announcement that the equipment had now arrived was made by Superintendent F. A. Dubois Monday night at a meeting of the Lower Merion School Board in Ardmore.

The superintendent was authorized to advertise for bids to renovate a room in the school for the course. Plans and specifications are being prepared by Savery, Schetz and Gilmour, architects. Bids will be made returnable by the July meeting of the school Board.

Superintendent Dubois reported that machinery, benches, tables and tools necessary to the course had arrived.

8th Graders Revisit Narberth, 'Glittering Colossal City' in 1960

Reprinted from Sun Dial, Narberth School Publication

The time of our story is the year 1960. As we stroll down Haverford Boulevard in the glittering colossal city of Narberth, we think of the good old days. As we are enjoying these delightful memories, we should see, right before our eyes, Mr. Mario Chico, the owner of the "Chios Celebrity Club." He greets us warmly and invites us to a reunion at the club.

Town Mecca for Those Paying Tribute to Independence Day

By THE SPECTATOR

The value of effective coordination is evident by the present status of Narberth's plans for observing the Fourth of July. Through the years, the celebrations seem to have pretty well taken care of themselves, with no particular spread of the various chores involved. That rather casual procedure, however, no longer fills the bill, in view of the fact that Narberth now seems to be the Mecca of the entire Philadelphia section, when it comes time to pay proper tribute to Independence Day and its great significance in the lives of the American people. This year's affair has been organized in a manner bound to achieve the best possibilities of the notable occasion. William P. Davies is the general chairman and he has assigned the evening fireworks program to William S. Howard. The day program, including the athletic contests, will be under the direction of Sterling Chain. That general format is supplemented by various committees, each assigned to a particular activity, and there can be full faith that the sum-total result will be the most impressive of all the years.

In the case of the fireworks show,

the contract which has just been awarded will provide the most spectacular displays ever fired on the local playgrounds, an estimate made by this emeritus chairman on the basis of his experience of 25 years in purchasing pyrotechnics, and let it be said that these intangible things are much more difficult to select properly than corn on the cob.

The cash required will come, as usual, via the generous donations of the citizens, and stress is being put on the need of each household observing a \$2 minimum. To assure that average, it means, of course, that some will give more, \$5 and \$10, for the truth is that not everybody will help and that's a pity. On the other hand, not everybody can help, despite the best will in the world, and contributions should not be expected from such quarters.

Over and above the fireworks bill, the committee hopes to collect a substantial sum to be used for much needed improvements on the playground. Some of the most elementary things are lacking in this great civic asset, and the tax situation is such that no public funds may be diverted to bring to pass the (Continued on Page Four)

BUS, FENCE CONTRACTS AWARDED BY SCHOOL

The Lower Merion School Board announced yesterday:

The Wayne Iron Works has been awarded a contract for school fencing at a bid of \$4800.

John J. Parson, Ardmore, received the contract for repairing school buses.

Electrical bids for work at the Bryn Mawr Elementary School were referred to the building committee.

Wynnewood Rd Open to Traffic

Detour Through Borough
Ended as State Completes Job

Wynnewood Rd., where it curves away from the Pennsylvania Railroad tracks at the Narberth underpass, was reopened to traffic on Monday.

An 800-foot section of the road, from the underpass to Elmwood Ave., has been closed since early in March when the State Highway Department began the work of eliminating the hazardous blind corner.

Because the entire roadbed had to be moved, it was necessary to detour traffic through Narberth. Although the job will not be finally completed until about the first of July, the detour was ended with the reopening of the new stretch of highway.

First step in the relocation of the road was the leveling of the high bank on the south side of the old road which obscured motorists' vision as they followed the sharp curve.

The new roadbed lies along the site of the leveled bank, so that the curve is now little more than a slight bend and oncoming cars are plainly visible to motorists driving in either direction.

Since the section under construction is a State highway with the exception of a 132-foot stretch which belongs to Lower Merion Township, cost of the project will be borne by the State Highway Department with the township paying its proportionate share.

While the new road has been under construction, the Borough of Narberth and Lower Merion Township have jointly installed a new storm sewer to drain excess water from Wynnewood Rd. Lower Merion installed the sewer from the railroad underpass to Elmwood Ave., and the Borough carried it from Elmwood Ave. to the creek.

Judge Directs Owner to Sell

Elizabeth Windsor Fleming, 200 Elmwood Ave., Narberth, was ordered to continue the sale of her property to T. R. Hanf, assignee of Stella C. Adams, by Judge Knight on Friday, in Norristown.

In the fall of 1943, the defendant listed her property for sale with William Pugh, a real estate broker, for \$18,500. The plaintiff, Hanf, was interested in the property through Pugh and on November 19, 1945, Pugh sent to the defendant three copies of an agreement of sale with a check for \$1750 down money as the selling price named in the agreement was \$17,500 with the purchaser listed as Stella C. Adams, or her nominee. Stella C. Adams was a clerk in Pugh's office, a fact known to the defendant.

On November 22, 1945, the defendant returned the agreement unsigned and instructed Pugh to end all negotiations regarding the sale of the property. Later she reopened the negotiations and it was agreed the sale was to be for \$17,500 with \$500 being Pugh's commission. Settlement was to have been made on or before April 1, 1946, with the defendant having apartment privilege of occupying an apartment in the premises to be sold.

Settlement was not made and on April 9, 1946, an attempt was made to return down money. Judge Knight directs that the sale is to go through and that the defendant is to pay the costs.

School Teachers To Receive Raise During August

Carl F. Weihman Is
Elected Vice-President
Of Board

Narberth's school teachers will receive their \$300 raise, granted them recently, in a lump sum payment during August, the Borough School Board decided Wednesday night.

This means that instead of receiving \$25 additional each month, starting in September, the teachers will have the entire amount with which to start off the year, and during the balance of the year will receive the same salaries they did last year. Beginning in September, 1948, the \$300 increase will be spread over the entire year.

The School Board chose August for the lump-sum payment because, at the teachers' request, regular August salaries were paid in advance last April.

The board opened bids for a new heating system in the primary building and for coal. Decision on award of the heating system contract was postponed until a study of the requirements by a heating engineer. A contract to supply buckwheat coal for the upper school building was awarded to Smedley and Mehl, Ardmore, low bidder. Award of the coal contract for the primary building was postponed until the new heating system is decided upon.

The board elected Carl F. Weihman vice president to succeed Clifford Y. Narrigan who was made treasurer last month after J. L. McCready resigned the post.

It was decided to purchase four new fire doors for the primary building, as recommended by the State Fire Inspector. The doors, will cost a total of \$88 and will be bought from the Philadelphia Fire Retardant Co., Inc.

September 8 was set as the date for the opening of the 1947-48 school year.

Judge Bolger to Conduct Forums

A series of forums dealing with "The Bill of Rights, Our Constitutional Guarantee of Civil Liberty" may be held in Lower Merion this fall and winter under sponsorship of the township's civic associations.

Judge Robert V. Bolger, of the Philadelphia Orphans' Court, has been conducting the forums in the city.

The forums were discussed and approved at a meeting of the Committee of Lower Merion Civic Associations this spring in Philadelphia. The committee, an unofficial organization, is composed of presidents of the township's civic groups.

Judge Bolger has consented to help conduct the forums and a meeting will be held in his chambers today, Friday, to discuss the program.

In a letter sent to all civic groups recently Homer H. Hewitt, Jr., president of the Wynnewood Civic Association, declared:

"It must be obvious to every patriotic American that we need to rediscover and re-inforce our hard-won liberties, and we all should know more about their application to our daily life."

The Bala-Cynwyd Neighborhood Club directors already have approved the project.

'Pied Piper' of Lower Merion Aids Study of Rodent Problem

Since early in 1942, William A. Dilks, Jr., deputy health inspector for Lower Merion Township, has been a Man With A Cause.

The Pied Piper of the Main Line, Dilks has devoted a goodly portion of his time since that date to the study of rats—their cause and their cure. As a result, the rat problem in this area, which once threatened to take on serious proportions, has been kept under control in all sections where the aid of the Board of Health and of Dilks has been called in.

Nothing was known about the rat population in 1942, but the Board of Health at that time was alive to the danger, particularly with wartime housing and the emergency living conditions prevailing. An educational project, titled "The Rat Control Project," was launched, with Dilks as its head.

Suggests Appeal Should Now Go To Council

A decision of the Narberth Borough Board of Adjustment giving W. Ross Osborne, a World War veteran, permission to conduct a real estate business at 1226 Montgomery Ave., Narberth, was reversed in Montgomery County Court Tuesday.

Judge Harold G. Knight in a lengthy opinion ruled out both contentions of Osborne that his business was a profession and that he was conducting a home occupation. "We hesitate to hold," declared Judge Knight, "that the calling of a real estate broker has reached the status of a profession within the meaning of the zoning law."

Later in his opinion Judge Knight also added:

"The calling of a real estate broker cannot by the most liberal interpretation be called a home occupation."

In conclusion, the Court left Osborne with the suggestion that he must look for any relief to the Borough Council, which, he said, had the power to amend the Zoning Ordinance.

A group of neighboring citizens brought the appeal in Montgomery County Court after the Board of Adjustment decision. They were Martin Cummer, Mildred W. Cummer, James W. Cunningham, A. L. Lambert, Rena M. Lambert, Kern W. McHose, Mary W. McHose, William Hunter Boardman, Alice R. Boardman, Edna M. Trimble, Andrew J. Hanlon, Hilda B. Hanlon and Jean A. Walters.

Judge Knight said in his opinion: "Fifty years ago the occupation of a real estate broker was a business, and a cut-throat, dog-eat-dog business at that. Much has happened to the business in these 50 years. It has been declared by the Courts as affected with a public interest; real estate brokers must now be licensed, and to secure a license the applicant must meet certain scholastic requirements, and be able to produce evidence of special knowledge of the subject, and also of applicant's moral fitness."

"Real estate brokers have formed associations or boards, national, state and local; codes of ethics have been adopted and are generally observed; the word 'realtor' as applied to a licensed real estate broker is attaining to a growing extent, the public recognition accorded to physician, lawyer or priest, as describing a specialized branch of human endeavor. Today the calling of a real estate broker has many of the attributes of a profession but we have not been able to find one case, nor has any been brought to our attention, in which the courts have held a real estate broker is a professional person within the meaning of the Zoning Laws."

Judge Knight considered the question as to whether the use of the house as a real estate office was a continuation of a non-conforming use.

In 1939 the Adjustment Board granted permission to a former occupant to conduct an antique shop there. This was carried on until 1942 when it was moved to Ardmore. However, the operator of the shop continued to live in the house until Dec., 1945, when it was sold to Osborne.

Judge Knight ruled that the use of the premises as an antique shop was abandoned in 1942.

Four Injured in Head-on Crash

Four persons were injured Saturday night in a head-on collision of two automobiles on Lancaster Ave. near Indian Creek Rd., Overbrook.

Police said that the car driven by Stanley Ashworth, 62, of Miami, Fla., swerved suddenly on the wet asphalt and hit the coupe driven by Harry Chassey, Jr., 23, of Germantown Pike and Joshua Rd., Conshohocken. Chassey suffered injuries to the head and a severe cut in the neck. Alba Lomus, of the Lower Merion township police, stopped the flow of blood until an ambulance took Chassey to Bryn Mawr Hospital.

Miss Mildred Holland, of DeHaven St., Conshohocken, Chassey's fiancée, who was riding with him, suffered cuts and bruises of the legs.

Two passengers in Ashworth's car were injured. Albert Wagner, 40, of 3588 Indian Queen Lane, East Falls, was treated at Bryn Mawr Hospital and discharged. Hugh McMahon, 30, of 4028 Ridge Ave., East Falls, was detained for treatment until Monday.

Ashworth, who told police he was in Philadelphia to visit McMahon and Wagner, whom he met in an aircraft factory during the war, was held in \$500 bail on a charge of reckless driving by Magistrate Walter B. Lowme, Jr. He will have a further hearing on June 24.

CHOOSING A CAREER

MUSICAL EDUCATION

An Essential Part of Esthetic Education

By JANI SZANTO

Musical Doctor, President-Director, Philadelphia Musical Academy

The modern school of thought perceives as its principal object the development of mind and body alike. For the attainment of a higher culture something more is necessary beside positive intellectual knowledge. To begin with, a higher degree of moral recognition of ethical principles, through which the mutual relationships of people are governed. At least every man should have command over a certain measure of those faculties which one simply calls esthetic tastes.

By the esthetics of feeling, or the study of taste, one means, the knowledge of beauty in art. Esthetic feeling is the sense of beauty, and he is called an esthete who is schooled in qualitative perception.

With the capacity for a sensitive perception of nature and art one can maintain a receptive relationship to them as an observer or a more productive relationship as in the case of the creative artist. The plastic arts reveal to us the principles of visual images; the literary arts, those of exact thoughts and music, those of abstract sentiments and feelings. The subject-matter of esthetic education comprises, therefore, all beauty and everything that is art in our cultural heritage. According to the philosopher, Kant, "the pleasure received from participation in esthetic experience differs basically from other pleasures in that the satisfaction we derive from beauty in art is of a disinterested sort and is not governed by our desire for materialistic pleasure." The adjustment of the proper attitude of youth toward the fine arts in therefore the main object of the esthetic education of mankind.

Music is as old as humanity itself. Its significance has grown with the cultural development of nations. Our history is full of stories about the power of music over men and

animals. From Greek mythology we know the legends concerning Pan, Apollo, Arion, Orpheus and others. Through music the soul learns harmony and rhythm and even a disposition to justice. The great philosopher, Plato, said: "Can he, who is harmoniously constituted ever be unjust? Is this not why musical training is so powerful, because rhythm and harmony find their way into the secret places of the soul bearing grace in their movements and making the soul graceful?"

The priests of the pre-Christian era and later the Church itself recognized the deeply moving influence of the music upon the religious masses, and have incorporated it into the devotional service which formed the first school in the early development of musical art.

The love and admiration of the great reformer, Martin Luther, for music is familiar and his opinion about the educational value of music for the "Purification of the Passions" is significant and true. In the year of 1524 he said: "Music makes the people milder, gentler, more moral, and rational. The youth should therefore, be accustomed to this art, because it makes fine, clever people. One must keep music in the schools and a schoolmaster must be able to sing—otherwise I do not recognize him."

Wynnewood Woman Adopts Dark-Eyed, Seven-Year-Old Girl

This little, dark eyed, Italian-born girl under the tamoshanter is going to have an American foster mother.

She has been "adopted" by Mrs. William G. Carroll, 505 Shortridge Drive, Wynnewood, through the Foster Parents' Plan for War Children.

It doesn't mean that Vilma DiVeroli, seven years old, is coming to America but it does mean that Vilma will receive \$15 a month for her care in one of the foreign colonies operated through the Foster Parents' Plan. Children's projects are being operated in Holland, France, England, Malta, Belgium, Italy, Switzerland, Poland and Czechoslovakia and Vilma will be in one of these. More than 52,000 children of 14 different nationalities have been helped through the Foster Parents' Plan.

When Mrs. Carroll was notified that Vilma would be her "adopted child" the letter read:

"Vilma is a good-tempered child with brown hair and dark eyes. She presents a somewhat improved appearance but from the ragged, nervous child we first saw, but one can see from her photograph that she is still very thin and old-looking for her years. The knowledge that she has a friend in the world, and a 'parent' will do much in helping Vilma toward a new health and a new stability."

Vilma is the youngest of two children born to the DiVerolis of Rome. She is too young to remember her

VILMA DIVEROLI

mother who died before the outbreak of the war.

That her family survived through the war and the enemy occupation is a miracle. Vilma and her sister became thin and weak and their father too ill to work. So needy did the family become that Vilma was accepted in one of Foster Parents' Plan's Italian colonies.

The American headquarters for the movement is at 55 W. 42d St., New York City.

Ex-Mrs. Winsor Married To Baltimore Minister

Announcement has been made of the marriage of Mrs. Elizabeth Donnes Roosevelt Winsor, former wife of Elliott Roosevelt and of Curtin Winsor, of Ardmore, to Rev. Benedict Henry Hanson, of Baltimore, which took place last Wednesday in Lexington, Ky. The ceremony was performed at 4 P. M. in the Church of the Good Shepherd, by Right Rev. William R. Moody, D. D., Lexington, in the presence of the immediate families.

Narberth Mecca On Saturday for Pedigreed Dogs

Receipts Will Go to Medical Corps for New Ambulance

Hundreds of pedigreed dogs will be brought to the Narberth Community Playground Saturday for exhibition and judging in the 27th annual show of the Bryn Mawr Kennel Club. In fact, Narberth will be the dog capital of Eastern Pennsylvania for that day only.

The Bryn Mawr Kennel Club is a non-profit organization, and all of the profits of this show, over and above actual expenses, will go to the Narberth Volunteer Medical Service Corps for the purchase of a new ambulance that they now have on order. When the similar show was held on the Narberth Community Playground last year the Volunteer Medical Service Corps derived \$700 which was an important aid in support of the service that they render residents.

The Dog Show will open at 9 A. M. The judging will continue until 6 P. M. Refreshments will be available on the grounds and lunch will be served there for the Dog Show officials. Refreshments and the lunch will be under the direction of the Volunteer Medical Service Corps, who at a recent meeting appointed Miss R. Shirley Vincent, chairman of the lunch committee, and Edward Frankfield and Guy Mosteller to take charge of the refreshment stand.

In addition to the actual judging of the dogs various prizes will be awarded to the spectators, including a pedigreed cocker spaniel puppy, an Emerson table-model radio and an electric clock. Mrs. Peggy Nevrincan is in charge of the prizes and Mrs. Eleanor Mosteller is in charge of tickets.

Doctor 'Simply Didn't Bother'

With Philadelphia Bsnk Account

Dr. D. Sergeant Pepper, 122 Grays Lane, Haverford, wishes newspaper readers would show the same willingness to forget his bank account which he has exhibited in the past.

Dr. Pepper, prominent Philadelphia physician and son of Dr. William Pepper, dean emeritus of the University of Pennsylvania Medical School, has had a bank account at the Western Saving Fund Society since he was a small child. He drew the bulk of it out when he came of age, but the balance has lain dormant for 21 years. He just didn't bother doing anything about it, he says, although he was quite aware of its existence.

Last week the WSFS advertised in Philadelphia newspapers, giving a list of depositors whose accounts

have shown no activity in more than 21 years. The doctor, just returned from the convention of the American Medical Association in Atlantic City, was forced to answer more than 100 calls from readers who found his name on the list and thought he ought to know about his "lost" bank account.

The listing assigned to him was an address on Prospect Ave., Elkins Park, from which he moved five months ago. His father still lives there.

The bank account only amounted to a few dollars, he said today.

At last report, the doctor had not decided how he would dispose of his account at WSFS. All he knew was that he was tired of hearing about it.

Thirty-five members of the Young Adult Forum enjoyed a picnic at Gladwyne Park on Monday evening. The group participated in softball, badminton and tennis. This was the first event under the direction of the new officers for the coming year: Arthur J. Kelly, president; Mrs. William Kaim, Vice-President; Eleanor Blake, Secretary; and Lloyd Jennings, Treasurer.

Today girls participating in the summer activities program will begin with roller skating in the gymnasium at the Main Line YMCA at 10 o'clock. A trip to West Branch YMCA for a swim will follow.

line Methodist vs. Haverford Community, and Saints Memorial Baptist vs. St. Coleman's, Ardmore, on Thursday at South Ardmore Park, Ardmore Baptist vs. Ardmore Methodist.

Last week Haverford was defeated by Saints Memorial, 11 to 1, the latter also won over Ardmore Baptist with the same score, 11 to 1. Sun Oil team defeated Brookline, 13 to 5, and St. Coleman's lost to Ardmore Methodist, 1 to 0. Lower Merion Baptist defeated Haverford Community Church team at Haverford High School diamond last Tuesday, 10 to 7.

On Saturday, June 21, the Camp Main Line hardball team will practice according to Captain Donald Quillen and Co-captain Bill Pettigrew, and on June 28, the boys will meet at the YMCA for a watermelon hunt. The melons will be hidden and the boys will look for notes giving them the directions that lead to the prizes. After the hunt they will have a movie and a meeting to get ready for the grand opening of Camp Main Line.

Starting July 9, the YMCA boys will receive swimming instructions for one hour a week at West Branch YMCA. If you can't swim and are enrolled in the Main Line YMCA summer program here is your chance to learn how to swim this summer. Instructions for beginners will be on the schedule and for swimmers will be an hour splash in the West Branch YMCA pool. Time of the swim will be announced this week.

Red Triangle baseball team will play Penn Wynne Junior Baseball Club at South Ardmore diamond on Saturday afternoon at 1 P. M. The captain of the Red Triangle team, Heywood Vance, will have his team playing their opening game this Saturday. They are playing in a YMCA league made up of boys who belong to the Jr. Hi-Y Clubs.

The Hawks and Narberth teams were in a fast-hitting game at Gladwyne Park diamond on Wednesday evening. Due to the bad weather and an early darkness the game was called with Narberth out in front by a score of 4 to 1 in the start of the third inning of the game. The Narberth club had an early rally with three runs across the plate in the third inning. Coach Seery had Paul Mariano pitching for the Hawks Jr. Hi-Y team. The game will be played next Monday at South Ardmore Park.

Other games scheduled in the Junior Baseball League are Saturday morning, Cardinals vs. Narberth, at Gladwyne; Hawks vs. Gladwyne, at South Ardmore, and Penn Wynne vs. Villanova, at Penn Wynne. Twilight games will be played Wednesday at Gladwyne between Gladwyne and Penn Wynne and Thursday, Raiders vs. Villanova, at South Ardmore.

The "Ardmore Hawks" beat Gladwyne, 11-4, in a Main Line Junior League baseball game. The game was played on Friday, the 13th, but that didn't stop the high-flying "Hawks." Paul Mariano pitched a four hitter and never was in much danger. Joe Quinn had two hits in four times at bat to lead the hitting. He also scored three runs. Gladwyne used three pitchers in the tussle, but never got near the "Hawks." James Hengst, Boys' Secretary of the Main Line YMCA, was the umpire.

The proposal was made by William H. S. Wells, director and counsel for the Bryn Mawr Horse Show Association, and accepted by a resolution passed by the township commissioners last Monday night.

NARBERTH NINE BATTLES

GLADWYNE ON SATURDAY;

MANOA MEETS HILLERS

Berwyn's Pirates apparently have a slight edge over the rest of the field in the Western division, but even with Narberth out in front by a single game there isn't much to choose among the six Eastern division clubs with the midseason point around the corner in the Main Line Baseball League.

Berwyn, only club to top Narberth, has added strength in the person of Tim Falcione, whose classy receiving helped lift Ardmore into the playoffs last year, and the upper Main Liners have come up with another slick hurler in Jim Cogan, who turned in a one-hitter in his debut last Sunday.

With the Pirates already boasting a standout pitcher in Ted Dawson, undefeated in two starts, and with the Rubbo brothers setting a torrid pace at the plate there is plenty of evidence to believe that if there is any one team to beat it is those young hustlers from Berwyn.

Narberth as usual has a well-balanced team and has come up with an exceptional pitcher in George Davidson, yet the borough has yet to prove it is the class of its division. Drexel Hill looks more and more formidable, and Manoa is starting to move up and can be counted upon to be very much in the running in the stretch. And no one can count on any of the other Eastern teams, all having indicated that they're geared enough to stay with the best of 'em.

Narberth faces a pair of second division rivals, but doesn't contemplate an easy time. The borough goes to Gladwyne Saturday, where

Ira Harnish, young Numan-Slook pitcher, most likely will try to best Davidson. Ardmore invades Narberth Sunday. Albie Becker most likely will be sent against his former teammates, while Doug Taylor figures to be Eddie Hare's choice. Manoa entertains West Manayunk Saturday, and then moves over to City Line Sunday to challenge Drexel Hill, and could move into second place with a double victory. West Manayunk plays at Gladwyne Saturday, hopeful of repeating an earlier 10-inning triumph.

Villanova Star Signs With Phils

Dan Casey, Villanova College star, has been signed by the Philadelphia Phillies to a three-year contract.

Casey, who started in Villanova's outfield for the last two seasons, is a native of Albany, N. Y. He played on Mickey Cochrane's 1942 Great Lakes Navy team and batted .300. He was the only non-professional member of that club. In 1941 he batted .394 for the Wildcats and played fullback the following football season.

Casey is the second Villanova player to be signed recently. Frank O'Neill, catcher, has joined Brookville, of the Southern Association.

Westgate Upsets Lancaster, 3 to 2

A single by Billy Leonard with Paul Iacovelli on base in the last inning gave Westgate Hills All-Stars a 3 to 2 victory over Lancaster at Westgate Hills, Sunday.

In the sixth inning, Westgate was behind by 2 to 0. Harsh, Lancaster's pitcher, issued bases on balls to Smuck, Smith and Peterman, and Bob England tied the score when he doubled to left field, scoring Smuck and Smith.

CHESTER MAT SHOWS

Professional wrestling matches will be staged each Monday night at the Lloyd Athletic Field, Chester, with Alfred Aceto again at the helm. He last staged mat duels at Lloyd Field in 1942, giving up when Uncle Sam took over the field.

Frank Kane, rated a probable starting end at Villanova this fall, has a summer job as a bakery salesman at a New Jersey seashore resort.

Holland to Drive At Langhorne Oval

Bill Holland, undoubtedly the most-discussed auto race driver of the season, is the first to enter the AAA-sanctioned 100-mile big car national championship classic which will be staged at Langhorne Speedway this Sunday. The season's second speed show at the Lincoln Highway oval is for Indianapolis cars and drivers only.

Holland raced at Indianapolis this year for the first time. He turned in the fastest qualifying time for the Memorial Day 500-mile grind and led for 142 laps around the 2 1/2-mile brick racing strip. Only a strong finish by Maurice Rose over the last 20 miles of the race and a possible mixup in signals from the pit crew prevented Holland from scoring what looked like a certain triumph.

Montgomery to Box Williams at Stadium

Bob Montgomery and Ike Williams will fight 15 rounds in the Municipal Stadium here August 4 to settle the question of who is the best lightweight boxer in the world.

Philadelphia's Bob is recognized as the champion by Pennsylvania and New York. He holds the National Boxing Association title since he flattened Juan Zurita in the second round of their Mexico City fight on April 18, 1945.

VILLANOVA VARIETIES

Coach Jordan Oliver plans to begin pre-season football drills at Villanova the latter part of August. The Wildcats meet Kings Point in a homecoming game, Sept. 20.

Romeo Capriotti, Villanova's sparkplug halfback who won All-Catholic honors the past two seasons, plans to keep in trim during the Summer as a playground instructor.

Dick Gray, former Villanova basketball captain, was a candidate for assemblyman in the recent primary elections in Trenton, N. J. Gray is attending law school.

ATTENTION PLAYFIELD DIRECTORS

We received this letter this week and thought that recreation directors in Lower Merion Township, Narberth Borough and Haverford Township might be interested: "The Union Fire Company of Bala-Cynwyd first class softball nine would like to book some games at home or away. We would appreciate any help or information you can give us. We would like to join some league along the Main Line if possible."

EARL RAUM, 322 Pembroke Road, Bala-Cynwyd, Pa. Phone Cynwyd 4899-W.

SPORTS SCENE

By JACK FORD

He apparently hasn't aged a day under the stress and strain, but Steve Juenger, Haverford High's head basketball and assistant football coach, is swinging into his fifth season as director of the township's Adult Recreation Program.

Smilin' Stephen's vast and vigorous program got underway Monday night, with two basketball leagues and one softball circuit in action. That left the lid on an ambitious program which will include baseball, basketball, softball, quads and various other outdoor activities for hundreds of Haverford Township's old and young, rheumatic and sprightly citizens.

Able Allice Cornog, Haverford's veteran athletic director, fathered the recreation program in 1943. He was assisted by Steve that year and the following season, Juenger finally taking over in 1945. The program has blossomed, like a weed lavishly lathered with Vigoro, every year since.

A former Southern High and Temple University athlete—he was a member of the football, basketball and track teams at each institution—Juenger reveals that this season's program is the biggest yet.

Some evenings, three baseball and five softball games are waged simultaneously on the Haverford High and adjacent Brookline Country Club fields. Two outdoor basketball courts also provide additional outlets for the Township's sports-minded gentry.

As a result of the tremendous interest, no more playing space is available for the recreation program. Two unkempt fields behind of the Country Club building could be put to use, however, if measures were taken to level them and repel the advances of weeds and assorted rubbish.

In time, as the program flexes its muscles, even more enthusiastically, it may break out of its briches. Forward-looking leaders envision the eventual appointment of a full-time, recreational director, who could coordinate all township activities.

When the Brookline Country Club building finally is returned to the School Board by Temple University authorities, the creation of such a post might well be in order. Temple has leased the building for three years—two more years of that contract remain—and the lease can be renewed upon expiration by mutual agreement.

If that building were available, bowling alleys, ping pong and club rooms and other recreation could be provided for the edification of township residents during the winter months.

Several thousand Villanova students and alumni are making plans for a special train to West Point for the Sept. 27 meeting between unbeaten Army and Coach, Jordan Oliver's team.

Good Counsel in Montdel Lead

Narberth Win Streak Broken in Battle Of Unbeaten Teams

Losing a pair of games in a black week that brought an end to its five-game win streak the St. Margaret's club, of Narberth, fell out of the Montdel League leadership and into second place just one game ahead of its St. Lawrence rival. The borough defending champs bowed to Good Counsel, of Bryn Mawr, by a 4-1 count at the Polo Field in a battle of unbeaten clubs. They followed this on Friday by bowing by a similar 4-1 score before St. Lawrence, of Highland Park, at Narberth.

Good Counsel thus took over the leadership of the circuit with a record of five straight victories without a setback. St. Lawrence, who also had a 2-1 decision over St. Thomas, of Villanova, on Monday night at Drexel Hill, moved to third place with a record of five wins and four defeats, trailing the borough nine who has won five and lost two.

Good Counsel apparently had its last victory all tucked away Friday night at McMoran Field, but the home St. Lucy nine, apparently hopelessly beaten, put on a six-run rally in the last inning to tie the game at 10-10 to force a replay.

Guida and Ross In NCAA Meet

Jim Elliott, Villanova track coach, is putting the finishing touch on his team to compete in the NCAA meet at Sale Lake City this Friday and Saturday.

Right now he's busy preparing George Guida and Browning Ross for the NCAA track and field championships at Sale Lake City this Friday and Saturday. Guida, who added the IC4-A 440-yard crown to his list of titles recently, figures to provide plenty of trouble for Herb McKenley, Illinois runner.

Yet the youthful Elliott, an outstanding trackman as a man, under standing, can't help but cast an eager eye to the 1947-48 board and earlier seasons. He will not lose a single squad member via graduation.

Besides Guida and Ross, Elliott has returning such performers as Joe McGreary, promising sprinter; George Thompson and Dave Williams, distance runners; Ed Flitzgerald, who contributed a 47.5-second quarter-mile anchor leg in the Intercollegiate; George Coleman, pole vaulter; Bill Lilienthal and John Sheehan, weight men.

Villanova's one-mile relay team of three plebes and a junior covered the distance in 4:16.9 in the IC4-A meet. Such running provides Elliott with good reasons for a rosy outlook next season.

KNOW YOUR STATE

Unparalleled Industry

Pennsylvania every year originates and receives more railway carload freight than any other state in the Union. The high level of productive activity attained by the labor and industry of the Commonwealth is revealed by the records of Revenue Freight Loadings maintained by the Interstate Commerce Commission.

In the calendar year 1945, the industries of Pennsylvania shipped 229,664,203 tons of carload freight as compared to 19,305,513 from all New England; 43,282,508 from New York; 80,363,112 from the three Pacific coast states. In that year, Pennsylvania originated one-sixth of all the carload freight in the United States. In the same year Pennsylvania received more than twice the freight of New York, more than three times that of New England, or of California, and four times that of Texas.

The Interstate Commerce Commission's report for 1946 shows Pennsylvania, in its first peacetime year, still originating more than one-sixth of all American carload freight. The State's total of 383,600,000 tons shipped and received compares with 126,000,000 tons for New York State, 66,000,000 tons for New England and 157,000,000 for the Pacific coast.

No other State came within 179,000,000 tons of equaling this record.

The marriage of Miss Eileen Mary Dillon, daughter of Mr. and Mrs. William L. Dillon, of 500 Woodside Ave., Narberth, to Raymond Stephen Moran, son of Mr. and Mrs. Stephen Moran, of Philadelphia, took place at a nuptial mass in St. Margaret's Church, Narberth, at 10 o'clock Saturday morning.

The bride, who was given in marriage by her father, wore a white gown featuring a fitted lace bodice and long pointed sleeves, and a full skirt of marquisette, ending in a train. Her finger-tip tulle veil fell from a crown of orange blossoms, and she carried a white prayer book with white roses and a shower of ribbon.

Miss Frances Dillon served as maid of honor for her sister, and the bridesmaids were Miss Madeleine Dillon, another sister, and Miss Mary Smith. All wore marquisette gowns fashioned with three-quarter length sleeves, high pecklines and flowing skirts. The maid of honor's gown was a soft pink shade and her headpiece and bouquet were of pink and blue flowers. The bridesmaids were in aqua with yellow flowered coronets and matching bouquets.

The mother of the bride was gowned in light blue crepe with a large brown picture hat and a corsage of pink roses. Mrs. Moran wore a gray crepe and lace gown with a black horsehair hat and an orchid corsage.

Edward Moran was his brother's best man and the ushers included Stephen Montgomery and Walter Moran, both cousins of the bridegroom.

A reception at the Penn-Sheraton Hotel followed the ceremony. Upon their return from a wedding trip, Mr. Moran and his bride will reside temporarily in Narberth.

Edith V. Smith And Robert Hays Wed in Norristown

The Bridgeport Presbyterian Church served as the setting for a pretty wedding Saturday afternoon, when Miss Edith Virginia Smith, daughter of Mr. and Mrs. Fred Smith, of Norristown, became the bride of Robert Fitch Hays, son of Mr. and Mrs. Walter F. Hays, of 401 Sabine Ave., Wynnewood. The ceremony was performed by the Rev. Harry William Pedicord.

The bride, who was given in marriage by her father, wore a white gown with a fitted satin bodice and illusion neckline trimmed with seed pearls. The flowing sleeves, caught snugly at the wrists, and the full skirt ending in a train, were of nylon. Her long tulle veil fell from a coronet of orange blossoms and extended the full length of the train. She carried a shower bouquet of gardenias and bouvardia centered with orchids.

A reception at the home of the bride's parents followed the ceremony. After a wedding trip to New England, Mr. Hays and his bride will make their home in Stranford.

Dorothy Nonemaker Is Married to Marshall Stuart

Miss Dorothy Ruth Nonemaker, daughter of Mr. and Mrs. Harold A. Nonemaker, of 829 Montgomery Ave., Narberth, became the bride of Marshall C. Stuart, son of Mr. and Mrs. Herman J. Stuart, of 5 Murays Row, Ardmore, in a pretty ceremony at the home of the bride's parents Friday evening. The ceremony was performed by the Rev. Cyrus S. Nonemaker, grandfather of the bride.

The bride, who was given in marriage by her father, wore a dusty blue crepe dress with a sweetheart neckline, cap sleeves and a draped skirt. She carried a white prayer book and wore a corsage of white rosebuds.

Mrs. Harry Gebhardt, of Narberth, who served as matron of honor, and only attendant for her sister, wore a dusty pink crepe model with a corsage of pink rosebuds.

Dewees L. Stuart acted as best man for his brother. There were no ushers.

A reception followed the ceremony. After a wedding trip, the couple will reside temporarily in Narberth.

Audrey Tomlinson And David Cole Are Married

The marriage of Miss Audrey Louise Tomlinson, daughter of Mr. and Mrs. Howard E. Tomlinson, of Rosemont, to David Cole, son of Colonel and Mrs. Philip Cole, of 511 Fishers Rd., Bryn Mawr, took place Saturday afternoon at 4 o'clock, in the chapel of the Bryn Mawr Presbyterian Church, with the Rev. Dr. Rex S. Clements officiating.

The bride, who was given in marriage by her father, had as her maid of honor her sister, Miss Jean Tomlinson, with the Misses Ann Turner Day, Frances M. Cole, Rosemary M. Varner and Frances Bennell acting as bridesmaids.

Philip Cole, Jr., served as best man, and the ushers included Taylor Whitney Cole, Robert Knox Egan, Robert Wilkinson and Howard E. Tomlinson, Jr.

'Pied Piper'

(Continued from Page One)
 pensing information to local house-holders. Townspeople who suspected that rats were invading the premises were invited to call the deputy health inspector, who immediately set about an examination of the property in question.
 "It wasn't always easy to trace the rodents," Dilks explained recently. "They're pretty shrewd articles, and you wouldn't believe some of the places they nest. Often when I had exhausted every other approach I found that they were nesting in the copper piping, or in sections of drainpipe over bowed windows. We'd clear them out, and issue instructions about keeping the lids of garbage receptacles closed, cleaning the debris and woodpiles in back yards, putting guards of glass over telephone wires, that sort of thing. The results were satisfactory, wherever we were called in. The only drawback, we feel, is that the cases were not always reported."

Rat infestations, Dilks found during his investigation, often involve two or more adjacent properties, with one furnishing nesting

space and the others food. Besides breeding at a frightening rate (they bear from three to five times a year, in litters of from five to twenty-two, under fair conditions), they carry fleas which leave their bodies when they die, carrying any disease or infection which may be present. It has been estimated that only one plague-ridden flea, turned loose in a community the size of Lower Merion township for a few hours, could infect something like three-fourths of the population.
 "Rats are vicious and sinister, and more than that, they are among the smartest of the enemies of man," Dilks said. "We have only the large brown rat—Rattus Norvegicus—in this area. They're intelligent, skillful climbers and smart enough to evade most traps. While we no longer feel that they present too serious a health problem, in this area, we do feel that citizens should be aware that every effort is being made to keep under control a situation which can grow more threatening at any time."

Two Youths Held In Robbery Here

Police Claim They Are Wanted in Wynwood Robberies

Two youthful Philadelphians were committed without bail to Montgomery County Jail, after a hearing Thursday night by Magistrate Walter B. Lowmes in Lower Merion Township.

Police contend they are linked to a series of apartment house robberies, particularly in the Wynwood Park Apartments.

Michael B. Palumbo, 25, and Pasquale DeMarco, 24, both of 62nd and Callowhill Sts., were arrested late Wednesday evening and booked on burglarly charges when two Wynwood Park residents saw them lurking in the basement of one of the buildings.

Radiocar patrolmen Harry Maxwell and James Miller, of Lower Merion, investigated and found that coin boxes in the washing machines had been robbed of quarters and two lookers in the basement had been broken open.

The men were caught in the woods across the Pennsylvania Railroad tracks from the apartment buildings. Police found about \$20 in quarters in DeMarco's pockets.

facilities that can no longer be delayed. As the record stands now, private money invested in the playground exceeds the value of the bond issue which the Borough first spent to acquire the plot, and so there is no novelty in passing the hat for the additional things that should be provided.

Also, the opportunity for donating for playground improvements opens the gates for all householders to help and not only those who believe in fireworks. The experience of the years indicates that some are convinced that it is a "sin and a shame to send so much money up in smoke." There should be no disposition to challenge or change that opinion, according to the committee, but those who feel that way can do their part by ear-marking their entire contribution for playground improvements, as it is hardly likely they will prefer to hold aloof altogether in the ambitions of their neighborhood.

As usual, the list of sponsors of the celebration will be printed in Our Town. Contributions should be made to Carl B. Metzger, Jr., at National Bank of Narberth.

8th Graders

(Continued from Page One)

the discussion we see Bill Clear, the chemical engineer who has made great improvements on harnessing the disastrous monster, known as The Bomb, for better uses. We continue our tour, this time going to see what's new at the school, which is now Narberth High School. The two top points of interest are the new enlarged gym, with two new teachers: Miss Betty Stewart and Miss Suzie Gordy. The new shop teacher is Bill McKay.

Another addition to the school is a new commercial artist's course sponsored by the famous artist, Margie Floeck. In walking by the school office we are attracted by the pretty blond secretary. It is none other than our classmate, Sally Hoyer. She tells us that Mary McDermott, interior decorator, has just finished the inside of the building while the building itself was planned by John Purring and Bill Dwyer, mechanical engineers. Out on the athletic field we see a mighty football team and their coach, Don Leahan. Since he is busy we wave goodbye and resume our journey.

As we hear a horn blowing we spin around to see Joe Miner waving to us from his new 1936 Cadillac convertible station wagon. He invites us in and takes us to the Miner, Watts, McDermott Garage, Inc. There we see the other two owners talking to Tommy Frankfield, the successful farmer, who has just brought in his old 1947 Studebaker truck to be repaired. Since Franky is going back to the country he takes us along for the ride.

On the way we are enjoying the country scenery when suddenly our eyes come to rest on a huge white sign outside a lovely white building surrounded by large landscaped grounds. It reads: "ANIMAL HOSPITAL AND KENNELS . . . Dr. Cotter, Hunsicker & Heintz."

Approaching the building, we hear sounds of argument, the loudest voice sounding very familiar. Peeking inside we see Lawyer John Morrill arguing with the child psychologist, Shirley McSeveney, who claims that her daughter had been bitten by a mad dog; but as all good lawyers do, Morrill won out in the end.

As we go out to look at the kennels we hear a roar of motors overhead. A huge airplane passenger plane roars over as it flies into the far horizon, and we are told that the pilot is probably Bill Percy, the famous airline pilot, who usually flies over this route.

Noticing the darkness coming on, we turn our footsteps toward the thriving metropolis of Narberth, knowing that our classmates are hoping that they'll get many requests from local boys and girls.

"DISC JOCKEYS" ON AIR FROM MERION SATURDAY

More fun this Saturday for young would-be "disc jockeys."

Station WPEN's teen-ager show, "So You Want to Be a Disc Jockey" which is now under the sponsorship of Fred Dannenhauer, Jr., will be broadcast at 2:30 P. M. from his radio and record shop at 54th St. and City Line Ave., Merion. Last week, the first under Dannenhauer's sponsorship, the show was staged in the "Musical Garden" at his Narberth store, 102 Essex Ave. Last week's three contestants were Marian Robards, 2423 Wynnefield Drive, Haverford; Norris Davis, Coatesville, and Margaret Knight, 411 W. Raymond St., Philadelphia. The winner—chosen by mail votes received—will be announced on this week's program.

This week's contestants are Philip Bissonnette, Media; Margaret Hamilton, Cornwells Heights, and Irving Shore, Philadelphia. The three teen-ager contestants are chosen each week from those who write in to Joe Grady, the show's master of ceremonies, at Station WPEN, Philadelphia 2, asking to participate. Now that the show originates on the Main Line, Grady and Dannenhauer are hoping that they'll get many requests from local boys and girls.

FUEL TAX RETURNS
 Montgomery County received \$176,696.46 this week, representing its share in the Liquid Fuel Tax collected in the six months period from Dec. 1 to June 1. A half cent of the permanent three-cent State tax on liquid fuels, according to the act, is paid to the Liquid Fuels Tax Fund of the State Treasury, and allocations are made to the various counties on the basis of average returns for the three preceding years.

THE JOB IS A TOUGH ONE — BUT WE'LL DO IT AGAIN

Narberth is going to do it again. This biggest little borough along the Main Line, long noted for its athletic talent and its co-operative ability to put over community events, is going to have the best Fourth of July-celebration it ever had.

The job is a new one and a tough one for the volunteer committee appointed by Burgess Miller. Heading it is William P. Davies, who admits he's new at this kind of a job, and who is striving to fill the place long held by John J. Cabrey, now ill at home.

Mr. Cabrey's enforced leave of absence from this job of organizing community benefits hasn't kept him from aiding the committee by passing on his experience and advice. In fact, he personally wrote the letter which borough residents are receiving this week asking for contributions to make that celebration possible.

Citizens this year have a valid reason for donating other than for their own amusement. Each year the net proceeds, if any, have been devoted to some worthwhile community benefit, and the 1947 affair is no exception. In fact, the civic-minded people working on this project believe that the money could be raised without such an excuse as a Fourth of July celebration if residents realized how great is the need for it.

The money received over and above the amount necessary to pay for the fireworks and other expenses is to be turned over to the Narberth Recreation Board, a borough-appointed group which takes care of the community playground of which Narberth is justly proud.

This year the appropriation requested of Council had to be drastically reduced, along with many other projects coming up at a time when borough expenses threaten to exceed tax income. Meanwhile the playground, if it is to be of continued full use to boys and girls of Narberth, needs maintenance and repair, which cost money.

The grandstand had to be strengthened. A new stand is needed for additional seating for ball games. Summer organized play facilities with paid supervision require funds. Tennis courts, basket ball and the playground for the tiny tots, as well as other features which have helped make Narberth famous for its athletes, and have kept boys off the streets by giving them helpful play facilities, certainly deserve the whole-hearted support of Narberth citizens.

So the committee believes that with this real incentive for giving it, will have little trouble raising enough funds to pay all expenses and have a goodly sum left over for the Recreation Board. It suggests that each family donate \$2.00, which should be handed or mailed to Carl B. Metzger, treasurer, at the National Bank of Narberth.

William S. "Doc" Howard, chairman of the fireworks committee, has the answer to anyone who wants to know what they get directly and visually on July 4 for the money they contribute. He has contracted with a fireworks concern, the biggest in this area, for a display that will require about an hour, and which includes features never before shown.

The set pieces represent the latest devices of the fireworks industry, culminating in "The Battle in the Clouds," when everything lets go at the end with some 15,000 individual salutes, star-shells, bursts and bombs. To keep the crowd entertained during the twilight hour as it gathers on the community grounds the latest recorded music will be amplified from a new sound truck.

Cynwyd Estates Hearing Date Set For July 16th

Establish No Parking Zones and One-Way Traffic

The petition for an upgrading of zoning in Cynwyd Estates will be heard by Lower Merion Township commissioners on July 16. The date was set when commissioners held their June meeting in the Township Building, Ardmore, Wednesday night.

In a petition backed by the Bala-Cynwyd Neighborhood Club, residents of the area asked that the present R-6 zoning be upgraded to R-3, R-4 and R-4A, to prevent the building of multiple-family dwellings in the area. The properties in question are located in the Pencoyd district and bounded by Cornell, Kenmare, Stradone, Harvard and Oxford Rds. There are a number of semi-detached houses but no multiple dwellings nor apartment houses in the district.

The Cynwyd Estate zoning was first considered last Fall, when a committee of the Neighborhood Club made a survey of all zoning in Bala-Cynwyd. Action was postponed pending crystallization of public opinion among residents. Members of the special zoning survey committee were Herbert Ferree, chairman; John B. Curley, Lloyd Church, Robert Brown, Richard Chew, and T. Ewing Montgomery. The petition was signed by more than 50% of the residents in the area.

Three new no-parking zones were established by the Board on Wednesday night. They include the section on the east side of Linwood Ave. for a distance of 500 feet adjacent to the Christian Science Church; the west side of Stoneway Lane from Oakland to Merion Rds. and the north side of Merion Rd. from City Line to Highland Ave.

A resolution was passed establishing one-way traffic, in a southerly direction, on Stoneway Lane from Oakland Rd. to Orchard Rd. Additional ordinances passed at Wednesday's meeting included 880, a zoning amendment changing the Bryn Mawr area on Morton Rd. at North Summit Rd. from C-2 commercial to R-6 residential; ordinance 881, opening and making public Centerville Rd. from Righters Mill Rd. to Conshohocken State Rd., and ordinance 882, opening and making public School Lane from McClenehan's Mill Rd. to Gulph Rd.

NEW OFFICERS AT ARDMORE ROTARY

James A. Ritchie will replace Walter M. Fish on July 3 as the new president of the Ardmore Rotary Club.

Other officers, recently elected, will assume their posts on that day. They are James P. Owens, vice-president; Howard V. Smith, secretary, and J. Harold Watt, treasurer.

New directors are George H. Gilbert, Walter M. Fish and C. Glenwood Hughes. Speaker at the meeting Thursday noon of the Rotary Club was Howard H. Dressel, superintendent of the United States Mint.

Wanders From Home To Watch Traffic

Two-year-old Wayne Johnson, 9 Elliott Ave., Bryn Mawr, decided he'd go down and have a look at the traffic on Lancaster Ave. Monday. It looked like the best view came from the center of the pike, to Wayne, and that's where a passing motorist picked him up and turned him over to Lower Merion Township Police.

Mrs. Arthur Johnson, the child's mother, reported him missing shortly after Wayne was turned over to the police.
